

DESCRIPTION

ThermalDrain™ is a user friendly synthetic protection board that is a great alternative to fiberglass. Thermal Drain is more durable than fiberglass and provides excellent drainage. ThermalDrain is also the only protection board providing R-Value that contains 70% post-consumer recycle content. Our environmentally friendly drainage board will not irritate your skin and is easy to work with. ThermalDrain is designed to be used with spray applied waterproofing and when used with BoneDry™ WPT from DryDog Barriers provides a great system of protection for many years to come. Contact GMX, Inc. today for more information on how to go GREEN with ThermalDrain.
